

HANDLED WITH VERY SPECIAL CARE

It's not everyday you'll entrust someone to take care of your special possessions, your heirlooms, your valuable things, and your peace of mind.

We take care of many specialist items in addition to the day-to-day items you'd expect. So whether it's a Piano or a pasta dish, a beautiful antique or a basic bowl, we've got it covered—usually in generous layers of padding or bubble wrap...

So, when you need the service, choose wisely! | Just look at what others have said about Bolt Removals:

We were really pleased with the recent service received from Bolt Removals. From quotation right through to after completing the removal they were really professional and we found them to also be exceptional value for money.

Rachel Butcher - Cardiff to Llandeloy

Amazing service, great price, superb staff! I honestly cannot recommend these guys highly enough. They arrived on time and packed the vans with care, consideration and speed. Not one item was broken or marked.
